ECO-FRIENDLY LIGHTING FOR YOUR HOME

The SOOA Design brand was founded in Wrocław in 2016 out of a compelling need to create unique interior design objects.

Our small studio primarily creates one-of-a-kind lamps from corrugated cardboard.

Our products are handmade, with attention to detail and respect for the materials from which they are made.

All this to, in the spirit of eco-design, warm up your interior with the glow of light reflections penetrating the paper structure.

We offer a wide selection of cardboard lamps.
We also offer customization or new designs
based on customer specifications.

Each lamp is equipped
with a color-coordinated electric set
with a textile-braided cable and a steel ceiling cap.

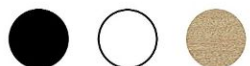

Basic color sets available:
Lampshade color outside

Lampshade color inside

Plywood parts color

Lamp's electric set color
